Camping info:

The Lostallo track has a campsite owned by the club with a surface area of 7'000m².

At the campsite it is possible to connect to 230V electricity, there are showers and toilets available.

Unfortunately, the recent flooding forced us to reorganise the camping area, blocking off a large part of it. We would like to take this opportunity to thank everyone who helped us to clean up the area and use it again with some limitations, so that we can welcome you in the best possible way!

THANK YOU

This is why we ask all those who will be arriving to Lostallo with tents, caravans and campers to scrupulously follow the instructions of the staff who will be present on your arrival.

We trust in everyone's common sense, and we trust above all that everyone will understand that this is a special situation.

In any case, we will do everything we can to make you feel like at home!!!
